

SR-7 ACOUSTIC SYSTEM

KELONIK CINEMA SOUND

Surround channel cinema sound system for background music in Halls

SR-7 is a high-fidelity background sound speaker which has been especially designed for the cinema lobby.

It is a compact design enclosed in a high-pressure polypropylene injection cabinet.

For decoration purposes, SR-7 is available in white or black colour and it is designed to operate both in vertical and horizontal position.

Fastenings are provided in its back panel for direct wall mounting or fitting via the adjustable bracket included.
